

PAPER MILL STETI, ECOFLEX PROJECT, MONDI

CZECH REPUBLIC

The paper mill in Steti / CZ was built in 1949 and was at that time the largest paper mill in Central Europe. It will now be modernized and expanded in the course of the EcoFlex project. A new recovery boiler will be installed and the fiber lines will be rebuilt. The new boiler and fiber lines went into operation at the end of 2018.
On behalf of mondi Bags Steti a.s. convex ZT GmbH is commissioned with construction supervision and project management services within the EcoFlex project. Furthermore, convex ZT GmbH carried out a review of the stability of the existing steam turbine foundations and design the foundation of the Transformer T8, that will be shifted as one prefabricated piece in its location with a lift of 255 to.
