

MOSERHOFGASSE 30, GRAZ

AUSTRIA

Top Consulting GmbH and Alt & Neu Bauträgersgesellschaft mbH are building m30, a premium class residential construction project in Moserhofgasse 30, Graz. Modern architecture, which is characterized by optimized floor plans of the apartments, meets an urban prime location: a project that promises quality of life for owner-occupiers and the advantage of sustainability for investors. With its own garden areas, spacious, sunny balconies or spacious, green roof terraces – with a pool on request – the m30 offers the ideal apartment for every taste and purpose.

On behalf of the installer company, convex ZT GmbH is responsible for the structural design. The documentation of the reinforcement inspections is done with our INSTA360 ONE X2 panoramic camera in the app [JobWalk](#).
