
# MANUAL SORTING STATION, VEKH VIENNA

## AUSTRIA

The "Vereinigten Eisfabriken und Kühlhallen Wien" (VEKH) are building a manual sorting station for human plasma at Pasettistraße 76 in Vienna, that will be rented and used by SHIRE Austria. The manual sorting station comprises a sluice and a freezing room (permanent room temperature -28 C), a sorting room (permanent room temperature +4 C), a control station and a distributor room. The manual sorting station is installed in an existing building, and the entire premises are covered with PU panels against the exterior walls / ceilings / floors.

convex ZT GmbH is appointed as general designer by VEKH and is responsible for the permit- and execution design of the civil- and cold storage works, the refrigeration and electrical engineering and the site supervision.
